

GENFI SUMMER MEETING 16-17 JUNE, in STOCKHOLM

Thursday 16th June *Bioclinicum J3:06 Ulf von Euler*

- 11.00-11.30** **Welcome and meet with investigators over coffee**
- 11.30-12.00** **Introduction to the Swedish FTD Initiative** – Caroline Graff
- 12.00-13.00** **Update on recruitment, data freezes, publications and the FPI** – Jonathan Rohrer, Arabella Bouzigues, Lucy Russell
- 13.00-13.30** **New sites introduction - 5-minute flash talks**
13.00 Maria Landqvist Waldö, Lund
13.05 Yolande Pijnenburg, Amsterdam
13.10 Peter Körtvèlyessy, Berlin
13.15 Eino Solje, Kuopio
13.20 Rose Bruffaerts, Antwerp
13.25 Tim Van Langenhove, Ghent
- 13.30-14.30** **Lunch**
- 14.30-15.30** **Therapies working group update and interactive discussion - the problem of multiple trials: what should or can we do?** Jonathan Rohrer, Lucy Russell
- 15.30-16.00** *Coffee*
- 16.00-17.20** **Update on imaging projects.** Chair: Enrico Premi
16.00 - Neurotransmitters impairment in genetic FTD: Enrico Premi
16.10 - Imaging of MAPT mutations: Emily Todd
16.20 - Grey matter microstructure in genetic FTD: Elena Rodriguez-Vieitez
16.30 - Structural connectivity in genetic FTD: Arabella Bouzigues
16.40 - Resilience of functional connectomes sustains cognitive function in presymptomatic FTD: Kamen Tsvetanov (virtual)
16.50 - Temporal network dynamics predict symptom onset and cognitive decline in familial frontotemporal dementia: David Whiteside (virtual)
17.00 - White matter hyperintensities in genetic FTD: Simon Ducharme (virtual)
17.10 - Longitudinal ASL perfusion in presymptomatic genetic FTD: Maurice Pasternak (virtual)

- 17.20-18.00** **Working groups part 1**
17.20 - GENFI-NeuroDev: Elizabeth Finger (virtual)
17.35 - PET: Maura Malpetti
17.45 - Pathology: Yolande Pijnenburg
- 20.00** **Dinner and drinks**

Friday 17th June *Nobel Forum, Wallenbergsalen*

- 09.00-09.45** **Update on biomarker projects.** Chair: Linn Öijerstedt
09.00 Plasma proteomics: Abbe Ullgren
09.10 - GRN-related proteins: Imogen Swift
09.20 - Lipids, MIF and TMT proteomics: Aitana Sogorb-Esteve
09.30 - Inflammatory proteins: Kathryn Knowles
09.40 - Growth factors: Carolin Heller [virtual]
- 09.45-10.30** **nFL as a trials biomarker – talk and discussion.** Laura Mitic from the Bluefield Project
- 10.30-11.00** **Coffee**
- 11.00-11.30** **Update on clinical and cognitive projects and working group part 2.** Chair: Jackie Poos
11.00 - Adding motor and neuropsychiatric components to the FTLN-CDR: Kiran Samra
11.10 - Language: Rose Bruffaerts, Lize Jiskoot, Arabella Bouzigues
11.20 - Eye-tracking: Lucy Russell
- 11.30-12.00** **Update on genetics projects.** Saira Mirza, Mario Masellis
- 12.00-12.45** **Participant Engagement Board - what do our participants want from GENFI and trials?**
- 12.45-13.00** **Summary of the day and plans for the future**
- 13.00** **Finish**
